PROFILE

UX/UI & Product Designer with 3+ years of end-to-end experience, from research to interaction design and dev handoff. Specialized in critical user flows, scalable design systems, and vibe coding prototyping that improve user activation and operational efficiency.

PROFFESIONAL EXPERIENCE

Gaicho Digital - UX/UI Designer | Sep 2025 - Present

I design institutional websites for corporate clients through the agency, leading audits, requirements gathering, brand redesign, and design system development. For GSK projects (Basta de Meningitis, VSR) I prototyped with generative AI, analyzed user behavior with Microsoft Clarity (heatmaps, navigation, clicks, and time on site), and designed an interactive search tool and questionnaires that improved engagement and conversion. For Carbón Los Leños I redesigned the landing page, checkout, and component system (+15% activation), delivering dev handoff documentation.

Digital House - Universidad de San Andrés — UX/UI Design Instructor | Feb 2023 - Present

Mentored and evaluated +100 digital product design projects, designing research, ideation, and prototyping workshops for real-world cases. NPS above 8.5.

Freelance — Web Design & Development | Jan 2023 - Present

Designed and developed institutional websites using HTML, CSS, JavaScript, Bootstrap, Wix, and WordPress (BRVSCU Abogados, Grimaux & Asoc., El Chiquero, PlantaHaus, Cirugía Oncológica Integral, Turismo Obligado, Fronte Garage).

V-Go — UX/UI Designer | Mar 2024 - Oct 2024

Launched the vendor onboarding system (200+ registrations), reducing commercial team effort by 60%. Redesigned the interface, in-store pickup flow (300+ purchases), and post-order rating system (400+ evaluations), testing prototypes with vendors, stores and customers.

Informental — UX/UI Researcher | Sep 2023 - Feb 2024

Led research for this healthtech startup: interviews, affinity/empathy maps, card sorting, and usability testing with Maze. Identified critical friction points through heatmaps and efficacy metrics, and prototyped solutions across fidelity levels, validated before development.

Filadd (YC S21) — Digital Content Producer | Sep 2019 - Jul 2025

Produced 5+ digital courses (1,000+ sales) applying content design principles.

EDUCATION

BA & Teaching Degree in Philosophy — Universidad Católica Argentina | 2008 - 2014

UX/UI Design, UX Research & UX Writing — Coderhouse | 2021 - 2022

Web Development — Escuela Da Vinci | 2023

Vibe Coding for UX/UI Designers — Udemy | 2025

Figma UI UX Design Advanced — Udemy | Present
